Pratik Khandve

AI & Data Science Student | ML & Web Scraping | Data Analysis |
IoT Enthusiast | API Integration | Frontend Developer (HTML, CSS, JS)

Pune District, Maharashtra, India

Summary

I'm Pratik Khandve, a 3rd-year B.E. student in Artificial Intelligence & Data Science at Ajeenkya DY Patil School Of Engineering with a strong academic record (SGPA: 9.2). I'm passionate about solving real-world problems using AI, ML, IoT, and Python. Some of my key projects include:

- A women's safety IoT device using ESP32 & Twilio to send emergency alerts and location
- A flight fare comparison web app built with Flask and APIs for smarter travel planning

I enjoy working with tools like Flask, Selenium, Playwright, and crafting clean UIs with HTML, CSS, and JavaScript. Let's connect and create something impactful together!
